

ANNUAL VASCULAR SYMPOSIUM

September 11 & 12, 2020

Now offered on TWO days!

A single day review of medical, interventional and surgical vascular therapy, designed for internal medicine specialists, primary care providers and allied and advanced care practitioners.

OBJECTIVES

- Discuss pathophysiology of common vascular disease processes.
- List appropriate criteria for referral and options for treatment of venous and arterial pathology.
- Discuss appropriate followup after vascular intervention.

RSVP
